Ladies/Gentlemen:

This list of Questions and Responses #1, question #1, is being issued to clarify certain information contained in the above named RFP.

The statements and interpretations of contract requirements, which are stated in the following questions from potential Offerors, are not binding on the State, unless the State expressly amends the RFP. Nothing in the Department's responses to these questions is to be construed as agreement to or acceptance by the Department of any statement or interpretation on the part of the vendor asking the question as to what the contract does or does not require.

1. In the financial proposal document, interLATA and interstate calls have been combined into a single category and a single rate is to be proposed for both debit and collect calls. In the RFP document, the State has also capped rates at the current rates. Which rate cap will apply to the combined category, will it be current interLATA or the current interstate rate?

Response: The current interLATA rate of \$2.85 will apply to the combined category.
